

# AC CURRENT & VOLTAGE DATALOGGER

## EQ-175CVS

**Equinox**™

The 175CVS is a Datalogger for Measuring & Recording Current & Voltage. The Reading are saved in the logger & simply Read out by your PC via USB interface. The LCD can show current Readings, MAX, MIN & Sign of Alarm.

### Features

- Dual Channel Input
- Digital LCD Display
- ACV / Load Current / Leakage Current Measurement
- 100,044 Data Memory
- Max / Min mode
- Time & Date Display
- Auto Power off
- USB Interface
- Manual & Automatic Mode

### Specifications

| Function              | Range                                                                        | Accuracy         |
|-----------------------|------------------------------------------------------------------------------|------------------|
| AC Voltage            | 2-200A                                                                       | $\pm 2\% \pm 1A$ |
| AC Voltage            | 6-600V                                                                       | $\pm 2\% \pm 1V$ |
| Sample Point Capacity | 50,022 points for current & voltage<br>100,044 points for current or voltage |                  |
| Measuring Rate        | 1 Sec. To 24h                                                                |                  |
| Analysis Software     | Windows 98/2000/XP/Vista                                                     |                  |

**MODEL : EQ-175CVS**

### Accessories:

ACA Current Clamp Sensor ( CP-09) & Voltage Sensor,  
USB Cable, Software, 3.6V Lithium Battery

**HTA INSTRUMENTATION (P) LTD.,**

An ISO 9001: 2015 Certified Company & NABL Accredited Calibration Laboratory as per ISO/IEC 17025:2017

**Your One Stop For Instrumentation Supply, Automation & Calibration**
